

US Youth Soccer National Office
9220 World Cup Way
Frisco, TX 75033

Date: March 20, 2020
To: All USYS State Associations
Subject: US Youth Soccer Cup Competitions

We'd like to thank the USYS Family for your ongoing support as we manage our programming given the current health and travel environment. The safety and security of our soccer community is, and always will be, our highest priority!

As we all navigate this health emergency, we have received a number of inquiries from State Associations seeking guidance and clarification regarding USYS Regional and National competitions scheduled for this June and July. Keeping in mind the most recent recommendations from various government and health authorities, we are continuing to monitor this constantly developing situation.

In order to capture the latest information on your State plans going forward, your Regional Chair will be reaching out regularly for updates on your leagues and/or Cup qualifying events. We want to gather your thoughts and input while having the most current information possible in order to make informed decisions.

As the scope and scale of this health crisis becomes more apparent in the coming weeks, US Youth Soccer will provide more clarity on the plans for our soccer events. We all hope to provide a meaningful conclusion to the year, however, there are many overriding circumstances that are out of our control. As soon as we can define our plans, we will share with the USYS community.

Thank you for your assistance. Please don't hesitate to reach out if you have any questions.
